

PEROXAN PAM

Hydroperoxide / Polymerization

Description p-Menthan hydroperoxide

50%, Solution

PEROXAN PAM is used for the copolymerization of styrene/butadiene (SBR rubber) and acryl nitrile/butadiene/styrene (ABS rubber).

$$H_3C$$
 CH
 $O-OH$

Molecular weight: 172.2 CAS No.: 26762-92-5

Technical data Appearance: clear liquid

Peroxide assay: appx. 50%
Active oxygen assay: appx. 4.64%
Density at 20°C: 0.9 g/cm³

Half life time in chlorobenzene:

t ½	10h	1h	1min
bei	133°C	163°C	218°C

Storage Maximum storage temperature (Ts max): 25°C

Storage stability as from date of delivery: 6 months

Hazardous reactionsOrganic Peroxides are more or less stable products but will decompose under the influence of heat. To minimize a loss of quality during storage, it is important that the recommended maximum storage temperature is not

exceeded. If a minimum storage temperature is given, an undesirable process such as a solidification or phase

separation, is known to occur below this temperature.

Safety characteristics SADT: 80°C

The SADT (Self Accelerating Decomposition Temperature) is the lowest temperature at which a self accelerating decomposition may occur.

PEROXAN PAM

Hydroperoxide / Polymerization

Application Copolymerization of styrene/butadiene (SBR rubber) and acryl nitrile/ butadiene/styrene (ABS

rubber):

The emulsion polymerization can be initiated through a redox mechanism at low temperatures.

Suitable reducing agents are Fe-salts, sulphites, dithionites, etc.

Temperature range: 5 to 20°C

Dosing: 0,1 to 0,5 phr

Packaging 25kg container

Safety and handling Please refer to the material safety data sheet (MSDS) for information concerning safe storage, use and handling

of PEROXAN PAM. This information should be thoroughly reviewed prior to acceptance of this product. The

MSDS is available for downloading at www.pergan.com or through contacting Pergan directly.

The information presented herein is true and accurate and to the best of our knowledge, but without any guarantee. Since the conditions of use are beyond our control we disclaim any liability, including for patent infringement, incurred in connection with the use of these products, data or suggestions.
